TESSERA STANDARD edition includes everything a civil engineer needs to complete any road or highway project. The fundamental tools are supported, including the CAD, terrain and road design environment, the vertical alignment, the cross sections, the 3D environment and the interconnectivity using DXF files.

TESSERA PROFESSIONAL provides the following additional features:

- Multiple terrain models: automatic calculation of volumetric differences, matching terrains in different cross section lines etc.
- Automatic insertion and management of intersections and interchanges.
- Wider range of transition curves – composite curves.
- Side Roads & composite cross sections.
- Wind turbine foundations by automatically creating terrains with slopes.

TESSERA LITE has all the features and capabilities of the **Standard Edition** with the following limitations: One road per project, maximum road length of 1.5 Km, terrain can have up to 5,000 points and is available in English language only.

Anadelta Tessera is a standalone software.

Does not require the purchase or installation of any other software.

Anadelta Software Assurance (ASA)

Software support program

All editions of Anadelta Tessera include a one-year ASA purchase. Anadelta Software Assurance is the best way to protect your investment and keep up-to-date with the latest versions of Anadelta Tessera. By acquiring it, you get:

- Your own personal credentials to use in our site www.anadelta.com, from where you can receive a large number of files at any time:
 - The latest version of Anadelta Tessera.
 - Downloadable Typical Cross Sections and design libraries.
 - Tutorial Videos.
 - Up-to-date Anadelta Tessera manual in PDF form.
- Training as well as full technical support either by phone or e-mail.
- Reduced prices for multiple Anadelta Tessera activations.

After the one-year free ASA period you get with the purchase of the software, you can purchase additional support (and upgrades) for 10% of the license cost.

Six-month License

Lease with the option to purchase

	TESSERA STANDARD	TESSERA PROFESSIONAL
SIX-MONTH	300,00 €	500,00 €
PURCHASE OPTION <small>*after 8 consecutive 6-month periods</small>	900,00 €	1.500,00 €

Prices do not include V.A.T.

- By leasing Anadelta Tessera for a «six-month» period, you are entitled to unlimited use of the software, as well as to get all the privileges of the ASA program. The renewal of the lease is optional and gives you a purchase option.
- After **eight consecutive six-month periods**, you can exercise your purchase option (i.e. you can buy Anadelta Tessera, plus a year of ASA).

Please note that the lease versions come with a software key and not a USB key. The software key comes with set up instructions for a particular computer.

45-Day Refund Policy

All Anadelta products come with a 45-Day Money-Back Guarantee. Anadelta Software will fully refund your purchase price.

Deliverables

In the case of purchase, we will ship to you a USB Hasp key and your credentials to our online customer area. There you will be able to download the product and upgrades for a period of 12 months (or as long as you have an active support program). Please note that the lease versions come with a software key not a Usb key.

Upgrades - technical support

Unlimited technical support by email or phone as well as all newer versions are free for 12 months after the purchase. After this period, you can purchase additional support (and upgrades) for 10% of the license cost.

You can upgrade to the Professional edition at any time.

Educational - non-profit discount

We offer a discount when buying for educational or non-profit purposes. For more information about this please contact us.
